BIO

EvL ASH is an Austin DJ playing melodic dubstep and wubstep, the wubby, main-stage end of bass music, built on songs people already know. The SoundCloud bio says "I'm just a girl DJ." The name says something darker: EvL is an alter ego, and EvL ASH likes holding both. In 2026 EvL ASH headlined a Living Room Productions night at Vulcan, played The Kickback in San Marcos twice for BassDawgs Presents and was an official artist at L.A.S.R Terra. Week to week, EvL ASH hosts Open Decks at Neon Grotto and co-hosts Spin Therapy at Coquito.
